THE LOWER SCHOOL SCOPE & SEQUENCE

Asheville Christian Academy's Lower School consists of K4, Kindergarten and Grades 1-5. K4 is an academic and developmentally based program designed to prepare children for Kindergarten. Our Kindergarten program offers full-day and half-day classes. Along with one teacher per class there are five full-time aides available to the Lower School. Special classes are provided in art, music and physical education by teachers trained in those areas for grades 1-5. Computer instruction is provided for grades 3-5 with availability to all classes.

ACA's commitment to developmental readiness is evidenced by the August 31 birth date cut-off for kindergartners and a required developmental screening. Desiring to accommodate the learning needs of its students ACA offers a variety of services through our Programs for Academic Support and Success (P.A.S.S.). Further information may be secured from the school office.

The curriculum is designed to provide a Biblically centered, challenging program taught in an age-appropriate manner. Consideration is given to the development of the whole child; spiritually, academically, physically, emotionally and socially.

Since 1995, we have incorporated some aspects of Core Knowledge into our curriculum. Core Knowledge is a consensus-based curriculum that provides a detailed listing of specific knowledge in Kindergarten through Fifth Grade. The Core Knowledge Sequence was developed to provide students with a rich vocabulary and broad knowledge base on which future instruction can build, broaden and deepen.

	KINDERGARTEN	GRADE 1	GRADE 2	GRADE 3	GRADE 4	GRADE 5
BIBLE	ACSI Bible (K-5)
